UPDATE ON ADOPTION OF AMENDED MANGO BUSINESS RESCUE PLAN

Johannesburg (December 2)- Mango is pleased that the amended business rescue plan has been adopted by creditors and the shareholder. The business rescue practitioner will now proceed to implement the business rescue plan, with the key deliverable being the completion of the process to solicit a preferred bidder to conclude the acquisition of Mango. The investor process, including the relevant guidelines and process to be followed by interested parties, is available on the Company website in the business rescue tab. It is anticipated that the process to secure a successful bidder, inclusive of concluding the relevant acquisition agreements, will be completed by the end of March 2022.
